Important information concerning your electric supply.

We are contacting you to inform you that the current Frelinghuysen Township Energy Aggregation Program will soon be coming to an end.

Here's What's Happening:

- The contract that Frelinghuysen Township has, through the Sussex-Warren Area Energy Co-Op, with IDT Energy, Inc. to furnish your electric supply through the Government Energy Aggregation Program is ending on December 31, 2020 and has not been renewed.

Here's What Happens Next:

- Your electric supply service will be returned to your local utility company, JCP&L. This will happen with your December 2020 Meter Read. No action is required on your part and this letter is informative only. Your electric service will continue uninterrupted.
- If you have questions about this information, please contact IDT Energy at 855-823-9309, or email contactus@idtenergy.com. Thank you for having chosen IDT Energy to supply your electricity. We look forward to serving you again in the future.
