

## SUSSEX WARREN AREA ENERGY COOPERATIVE

Dear Harmony Township Resident,

We are proud to write to you today to share the good news about the Sussex-Warren Area Energy Cooperative. Since 2016, Harmony Township has opted to participate in this state-authorized “Community Aggregation Program” designed to offer you and your neighbors reduced rates on your electric bill.

The bottom line is that when we all purchase energy together as a community, we are able to access lower, more stable rates.

**Community Aggregation is very different than other third party supply contracts and offers protections to you that individual contracts may not offer:**

**The rate is a flat rate that will be the same from month to month.**

**The ability to leave the program at ANY TIME.**

**NO penalties or fees to leave the program.**

The following pages contain important information explaining the Community Aggregation Program established by Harmony Township to provide lower electric generation rates than you would currently pay with JCP&L. We are pleased to continue to offer this program for your electric supply!

Should you have questions regarding the information detailed in this mailing, please feel free to contact our Energy Consultants, Concord Energy Services, at 866-688-5197.

We appreciate you taking the time to read this valuable information and look forward to your participation in the program.

Sincerely,

*Harmony Township*

## **THINGS YOU SHOULD KNOW ABOUT ENERGY AGGREGATION**

**All current services** such as delivery, meter readings, billing, payments, emergency services etc. are serviced through JCP&L, just as they are today.

**This program offers the reduced rate versus JCP&L's current price to compare on the supply portion of your electric bill.** You will still be billed for consumption (delivery) charges from JCP&L, just as you are today.

**The rate offered is a flat rate that will be the same from month to month.**

**Budget billing will be offered to any current budget bill plan customer.** Anyone wishing to go on a budget plan may also elect to do so. Please see the budget bill page included in this packet for more information.

**There are no fees to be a part of the program.** You may choose to no longer participate in the program at any time with no fee or penalty, even after the initial response period.

**You will continue to call JCP&L for service-related questions and outages.** For billing-related, questions, you'll call IDT Energy, Inc. – their toll-free phone number will be found on your bill.

**No one will be calling or knocking on your door regarding this program.** All information regarding this program is mailed through the US Postal Service. Please be wary of anyone trying to get your information otherwise.

**We're all in this together.** We know municipal energy issues like this can sometimes be a bit technical, and even, well, a little boring. But keep in mind that this is something your neighbors and people across Sussex and Warren Counties will be doing. We believe it will result, as it has in other communities, in a positive outcome and savings versus the utility price to compare for our community and our residents.

## BUDGET BILL PROGRAM INFORMATION

For those residents who are on a budget bill program through JCP&L please read the following information:

We understand the importance of budget billing to you, so please take the time to understand the details surrounding how budget billing must be handled in order to offer it to you as part of the program being offered by Harmony Township.

- If you are currently on Budget Billing with JCP&L, you will automatically be offered a budget bill option with this program through IDT Energy
- Prior to entering the program, you will receive a reconciliation or “true up” bill from JCP&L. This is to bring your account to zero prior to entering the energy aggregation program.
- The reconciliation amount may be substantial, depending on how much you are over or under on the budgeted amount, and this reconciliation may come as a charge or a credit on your bill.
- The new budget amount will be based on your most current usage history for the last 12 months. Every six months, IDT Energy will conduct an adjustment to your monthly budget amount to ensure your budget is in line with your usage.
- After 12 months with the program, IDT Energy will conduct reconciliation or “true up” in order to bring your account to a \$0 balance. This may result in a Credit, or Charge, depending on your usage, and budget bill amount.
- **If you choose to leave the program**, you will be provided another true up which will bring your account to zero prior to leaving the program.
- If a new rate is not offered at the end of this initial contract term for the program participants, you will receive a reconciliation or “true up” bill on the last bill. Just as above, this will zero out your account prior to returning to JCP&L. The resulting credit or charges *may* be substantial if your usage is significantly lower or higher than the prior year.
- Any resulting reconciliation charge or “true up” amount represents your usage over and above the amount you were budgeted for and is not for “extra charges”. **We encourage you to track your usage vs. your budgeted amount so you can stay current on your usage and charges.**
- If you have a credit against your budgeted amount, meaning you used less energy than budgeted for, your credit will be applied to any future charges on your bill.

# FREQUENTLY ASKED QUESTIONS

**What is the Sussex-Warren Area Energy Cooperative?** Municipalities have the ability to pool the usage of all their residents to obtain a lower energy supply rate than you are currently being charged.

**Who supervises the Sussex-Warren Area Energy Cooperative process?** The NJ Board of Public Utilities has enforcement authority over Aggregation programs in NJ. CUC/CES both must follow strict statutory guidelines implemented by the state agency. Key Documents are provided to Board of Public Utilities and Division of Rate Counsel staff for review and comment during the process.

**Is my municipality the only one in the Energy Aggregation Program?** No, your municipality chose to participate in this program along with eleven others to maximize our buying power and obtain better rates for its residents.

**What information will I receive about the program?** Aside from public meetings and advertising, you will receive at least two letters: One is your official Opt Out letter (attached in this packet) which provides the details such as the new rate, term, chosen supplier and the deadline for opting out, and the second is a confirmation letter from JCP&L stating that you have elected to remain in the program and the date on which your account will be switched over. Note that this second letter is a form letter stating you have chosen to switch even though the program was chosen by your municipality as a benefit to you. You may disregard this second letter.

**Are Concord Energy Services (CES) and Commercial Utility Consultants (CUC) energy suppliers?** No. They are independent consultants that work with all the energy suppliers licensed to do business in New Jersey by the Board of Public Utilities. CES and CUC obtain the energy contract and work through the process to put the Aggregation program in place for your municipality.

**Do I have to be in this program?** No. You can choose not to participate by going to [www.njaggregation.us/SWAEC](http://www.njaggregation.us/SWAEC), calling 877-292-3904 or by returning the enclosed response card.

**Will I be penalized if I do not become a part of the program?** No, there will never be a fee or penalty. If you do not want to be a part of our program, you are free to stay with your current utility or choose your own Third Party Supplier.

**Am I going to have to pay more than one bill each month if I am a part of this program?** No, you will continue to pay one bill each month and remit your payment to JCP&L as you always have.

**Who will now read my meter?** JCP&L will still be reading your meter.

**Can my information be sold to advertisers or energy companies?** No. Your information, including your account number, is confidential and can only be used to set up the municipality's program.

# Sussex Warren Area Energy Cooperative

## Dear Harmony Township Resident:

Since 2016, Harmony Township has taken advantage of a state law that allows us to establish an Energy Aggregation Program. For municipalities that choose to participate, this program permits the aggregation of all residential customers within participating municipalities for the purpose of competitively purchasing electricity at rates lower than are currently available from your electric utility. Harmony Township combined the electricity consumption of all residential customers in conjunction with 11 other Sussex and Warren County municipalities and received competitive bids from NJ Board of Public Utilities licensed suppliers to provide this electric supply service and secure better rates for our residents.

**How the Program Works:** We obtained a rate that is lower than what JCP&L currently charges for the energy supply portion of your bill.<sup>1</sup> This program offers a flat rate and is designed to offer a reduced rate without the risk of rate increases; unlike other variable Third Party Supply (TPS) contracts. This means the rate will remain flat for the entire term of the contract.

**Electricity Auction Results:** The auction results are **\$ 0.0886/kWh** offered by IDT Energy, Inc. (as compared to JCP&L's prevailing Price to Compare rate of \$0.095527/kWh). This rate will go into effect on your **March 2019** meter read date and will continue through your **December 2020** meter read date. For example, if your monthly electric usage is 700/kWh, your bill under this program will be \$62.02 for the supply portion versus \$66.86 that you would have paid with JCP&L. You will see your initial savings on the electric bill you receive in April 2019.

**JCP&L will continue to deliver your electricity, and you will be billed at the regulated delivery rate.** JCP&L will continue to provide all emergency and safety services. JCP&L will also continue to provide customer services such as meter reading, billing<sup>2</sup> and service restoration. You will also continue to only receive one bill and continue to pay JCP&L.

In accordance with the State's program requirements, as a Harmony Township resident you will be automatically enrolled in the program unless you opt-out by **1/31/2019**. Once enrolled, **you may leave at any time and you will never have to pay any fees associated with joining or leaving the program.**<sup>3</sup>

As a residential electric customer who has not chosen a Third Party Supplier (TPS) for your electric supply, you will be automatically enrolled in this program **unless you indicate your desire not to participate** to receive the anticipated energy savings by completing and mailing the attached response card by **1/31/2019**. **You may also call 877-292-3904 toll free to opt out** or visit [www.njaggregation.us/SWAEC](http://www.njaggregation.us/SWAEC). Please note that wait times may be longer during high call time periods and please have your bill handy. **For all other questions or more detailed information, or if you received this letter in error, call toll free at 866-688-5197.**

---

1. JCP&L rates could increase or decrease during the course of this program, which would affect the anticipated level of customer savings. JCP&L charges can change quarterly and are posted on the web.

2. Other billing arrangements may apply for customers who do not remain current with their bills.

3. Leaving the program is subject to the timing of meter readings and typically takes 1 to 2 full meter read cycle.
