What is the Sussex-Warren Area Energy Cooperative? Municipalities have the ability to pool together the usage of all their residents to obtain a guaranteed lower energy supply rate than you are currently being charged. We can then offer that rate to participating residents.

Is my municipality the only one in the Energy Aggregation Program? No, your municipality chose to participate in this program along with six others to maximize our buying power and obtain real savings for its residents.

What information will I receive about the program? Aside from public meetings and advertising, you will receive at least two letters: One is your official Opt Out letter (attached in this packet) which provides the details such as the new rate, term, chosen supplier and the deadline for opting out, and the second is a confirmation letter from JCP&L stating that you have elected to remain in the program and the date you will be switched over. This second letter is a form letter stating you have chosen to switch even though the program was chosen by your municipality as a benefit to you. You may disregard this second letter.

Are Concord Energy Services (CES) and Commercial Utility Consultants (CUC) energy suppliers? No. They are independent consultants that work with all the energy suppliers licensed to do business in New Jersey by the Board of Public Utilities to obtain the energy contract and work through the process to put the Aggregation program in place for your municipality.
